May 29, 2014

I contacted Laundry Farm about 6 months ago to take care of our laundry problem and I couldn't be happier. Joe Shammah very quickly set up our account and made the whole process very easy and friendly.

Our animal shelter goes through a lot of messy laundry to keep our rescued animal clean and comfortable. It was taking our staff many hours to do the laundry which takes away from the important care of our animals. Now our laundry is picked up, cleaned and returned for the same cost it took us to do it. Now we can focus our attention on the care of the animals.

I really appreciate Laundry Farm's service. They have provided us a great solution to our laundry needs. I would highly recommend them.

Sincerely,

Lisa McCormick, Director
